QUALITY ASSURANCE CLAUSES #1- 10 SHOWN BELOW ARE STANDARD PURCHASE ORDER CLAUSES AND ARE IN ADDITION TO OTHER STANDARD TERMS AND CONDITIONS OF THIS PURCHASE ORDER.

1. **INSPECTION SYSTEM:** Unless otherwise specified on the face of this purchase order, the Supplier shall have an adequate inspection system for maintaining control of materials/products fabricated/manufactured in their facility. Supplier's inspection system may be periodically audited by Marketech International Inc. (MKT) personnel and/or by its customers.
2. **DELIVERABLE ITEMS:** Articles or materials shall be manufactured or produced in accordance with applicable blueprints and/or specifications. Deviations may be made only by written amendment to the purchase order when authorized by MKT's Material Review board. Existing deviated material may only be shipped after receiving written authorization from MKT. A copy of the authorization must be attached to the shipment.
3. **ESCAPEMENT NOTIFICATION:** Supplier shall notify MKT of any nonconforming product when detected after delivery. (Include lot number, batch, date and PO shipped under, within 48 hours to notify and in what fashion.)
4. **PRESERVATION AND PACKAGING REQUIREMENTS:** Unless otherwise specified, the Supplier shall maintain controls to assure the accomplishment of preservation, packaging, and shipping requirements of this order. The use of best commercial practices shall not relieve the Supplier of responsibility for packaging in a manner that will insure receipt at MKT in an acceptable condition.
5. **MKT FURNISHED MATERIALS FOR SPECIAL PROCESSES:** Unless otherwise specified, all materials furnished for special processing, shall not be undershipped. Rejected materials shall be identified and segregated from acceptable materials. Rejected materials shall be returned to MKT for disposition.
6. **MKT FURNISHED RAW MATERIALS:** Unless otherwise specified, materials furnished to Supplier's shall be used in the manufacture of articles specified in this order. Materials scrapped in excess of allowable tolerance, shall be (at MKT's option) replaced by vendor or purchased from MKT at its cost plus any special charges.
7. **MKT FURNISHED TOOLING/EQUIPMENT:** Unless otherwise specified, all tooling and equipment furnished for this order shall be maintained in good condition and used for the manufacture of articles for MKT. Tooling/equipment shall be available for examination by MKT's personnel and/or returned to MKT upon request or termination of this order. Supplier is responsible for timely calibration of all such tools.
8. **RECORDS:** Supplier shall maintain all manufacturing, inspection and test records for at least minimum of (10) years after the date of shipment to MKT. These records must be legible, readily identifiable, easily retrievable and stored in a manner to protect them from any potential damage. Supplier shall also establish the means to disposition any non-conforming records. MKT will have the right of access by the organization, their customer, and regulatory authorities to all facilities involved in the order and to all applicable records.
9. **CHANGE CONTROL:** MKT must be notified of any changes that affect an approved part or process, prior to the implementation of the change.
10. **CHANGE OF OWNERSHIP, LOCATION AND/OR QUALITY SYSTEM:** Supplier shall notify MKT in writing, if there is a change of ownership, location and/or quality system. This notification should be given as early as possible, before the changes are implemented.

THE FOLLOWING QUALITY ASSURANCE CLAUSES ARE IN ADDITION TO THE STANDARD QUALITY ASSURANCE

Uncontrolled When Printed

CLAUSES WHEN SPECIFIED ON THE FACE OF THIS PURCHASE ORDER.

11. **CERTIFICATIONS:** Supplier shall provide a "Certification of Compliance" that material and/or articles meet all provisions of this Purchase Order. Certifications must accompany each production release delivered against this purchase order and must contain as a minimum the following:
 - Purchase Order Number.
 - Part number (must include the part's drawing number).
 - A statement that the material conforms to the applicable specifications.
 - A statement that conformance test reports and/or inspection records are on file, subject to examination at your facility or at the point of manufacture.
 - Signature of authorized agent, and title.
12. **MATERIAL CONTROL:** Supplier shall furnish the shelf life of material and current expiration date of shipment lot/batch on the material certification. All material supplied to MKT must have, at least, 75% of shelf life remaining.
13. **SUPPLIER QUALITY PROGRAM:** Supplier shall have an established Quality program or Inspection system, whose procedures are in accordance or compliant with:
 - a. ISO 9001/AS 9100
 - b. ISO 9003
14. **SUPPLIER FIRST ARTICLE:** Supplier shall perform First Article Inspection (FAI) per the requirements of AS9102. FAI report to accompany first shipment of parts.
15. **JOINT FIRST ARTICLE VERIFICATION AT SOURCE:** FAI of part shall be accomplished at supplier's facility with the presence of a MKT source inspector. Notification shall be made per item 17.
16. **MKT SOURCE INSPECTION REQUIRED:** Supplier shall request MKT Source Inspection for product verification prior to shipment from its facility. Acceptance of units shall not relieve the supplier of the responsibility for manufacturing units as defined in this purchase order. Advance notice of 48 hours shall be required for scheduling purposes.
17. **GOVERNMENT INSPECTION AT SOURCE:** Government inspection is required prior to shipment from your plant. Upon receipt of this order, promptly notify the Government Representative who normally services your plant so that appropriate planning for Government inspection can be accomplished. On receipt of this order, promptly furnish a copy to the Government Representative who normally services your plant or, if none, to the nearest Army, Navy, Air Force, or Defense Supply Agency inspection office. In the event the representative or office cannot be located, our purchasing agent should be notified immediately.
18. **GOVERNMENT INSPECTION AT DESTINATION:** Material subject to Government Inspection at MKT.
19. **MKT CUSTOMER SOURCE INSPECTION:** Request shall be made per item #17.
20. **TEST REPORTS:** Test reports shall be submitted containing the results of tests with indicated conformance to applicable specifications. These reports must be identifiable with the materials furnished. MKT Purchase Order number must be typed on all copies.
 - a. Chemical Test Report as noted.
 - b. Physical Test Report as noted.
 - c. Functional Test Report as noted.
21. **TOOLING PROCUREMENT:** Title to all tooling covered by this order shall be the property of MKT (free of all liens, and encumbrances) upon acceptance by MKT Tool inspector and/or acceptance by tool try. Unless otherwise specified:

Uncontrolled When Printed

3/1/2012

- The supplier shall permanently identify each tool subject to this order with MKT part number, tool number, date of manufacture, and the unit number. The unit number shall be organized by the Supplier. (Example: Unit 1 of 5, 2 of 5, etc.).
- The supplier shall provide a certified tool list that contains a description of each tool, and information specified above.
- All tooling manufactured for this order that is used in the suppliers' facility for manufacture of article, shall be the responsibility of the supplier for maintenance and storage. Tooling shall be the property of and exclusive use of MKT, and subject to examination.

22. **MKT TOOL SOURCE INSPECTION REQUIRED:** Inspection of tooling shall be accomplished by MKT Inspection personnel at intervals of fabrication and/or completion of work prior to shipment to MKT. Acceptance is subject to compliance of design requirements and/or tool try acceptance. Request for source inspection shall be made according to item 17.
23. **REGISTERED COMPONENTS/PARTS PLAN:** Supplier is required to submit in detail the critical method and processes that will be used in the manufacture/fabrication of the component or part specified in this purchase order. The plan must be submitted to MKT for analysis and acceptance prior to beginning production on this order. The plan shall contain the following information:
- a. The methods and the type of critical processing to be used (subject to limitations imposed because of propriety information).
 - b. The location within the processing cycle where inspections will take place.
 - c. The attributes of the product, which will be inspected at each inspection point.
 - d. The materials and methods of preservation and packaging to be used to protect the product.
 - e. The handling and transportation precautions necessary to protect the product.

Revisions or variations to any of the above listed controls shall not take place until MKT has accepted the revision.

24. **STATISTICAL PROCESS CONTROL SYSTEM:** If specified on the face of this purchase order, the Supplier shall have an adequate statistical process control (SPC) system for maintaining acceptable Cp and Cpk levels on specific "Key Characteristics" of its products. Supplier's SPC system may be periodically audited by MKT personnel and/or by its customers.
25. **PRODUCTION SAMPLES:** Supplier shall provide samples with each lot/batch of materials/components, as requested.
- a. **Note:** All samples must consist of original parent material to be supplied, complete with all required design coatings. All samples must be processed through all process stages along with the lot/batch of production materials that samples represent. Certification of Compliance/Conformance must state that samples are representative of production materials/components and were processed through all production processes with the lot/batch of production material.
26. **APPROVED FACILITIES:** It is the Supplier's responsibility to utilize only approved facilities for processing (such as Magnetic, X-ray or Zyglo Inspection, heat treating, plating, anodizing, etc.) used in performance of work relating to this order. Work performed by non-approved facilities is subject to rejection. A Certification of Conformance/test report from the processing facility must be Included with the shipment of the procured items under this order.
